Letter tabled which was the response to a residents letter to local MP regarding Rototuna Road vehicle speeds. They propose to put a large speed bump in at the end of the road going onto Resolution Drive and lowering speed limit to 40kph. ##### **Garden bin area revamp**

Three options were tabled for a revamp of the garden bin area inside the front entrance gate. These options vary from just revamping the current garden bin area to also moving the rubbish and recycling bins from beside the van park to inside the front entrance gate.

The movement of the rubbish and recycling bins is dependent on Hamilton City Council (HCC) approving these being moved to another area. Colliers have been asked to approach HCC to obtain this approval.

Pending this being received Brian is to continue work on pricing all options, along with ascertaining what work can be done by residents to enable costs to be kept to a minimum.

Water pipe repair to unit 32 and concrete repair to garage entrance to unit 31 which was cut out for water pipe repair - same area that pipe split last time. Pipe has been repaired and Coker Concrete are going to come back and patch concrete. Brian will assess if it's worth replacing all water pipes in this location as this is about the 4th repair of water pipes in the area in the last 5 years.

Village traffic - People are still driving around the speed bump. Some residents have tried to speak to these people but haven't had much luck with them admitting to it.

Date for Inorganic Rubbish Collection - Tuesday the 4th of July.

**CLOSURE:** There being no further business, the chairperson declared the meeting closed at 05:40 PM.
