REAL EXPERIENCES, REAL RESULTS

By necessity anyone in this field must possess in-depth and, importantly, up to date knowledge on all aspects of the business of RE that surpasses just the legalities of buying and selling properties. I found that Linda knows her facts and her advice was always on target; thoughtful and wise. Linda is a highly effective and reliable RE agent and anyone would be fortunate to have her represent them."

- EC, ChCh

Linda exceeded my expectations in assisting in the sale of our very unique property.

The outcome was excellent and reflected the tireless effort on the agents' part. Linda is a very competent agent who displays a high degree of professionalism, dedication and drive on behalf of her clients. I would strongly recommend Linda to any prospective seller."

- RB, Rangiora

Brian was amazing. He really listened to what we wanted and the very first property he showed us; we ended up buying. He was readily available to answer questions and worked to give us a great result."

- Grant & Fi, Christchurch

From the first meeting I had with Linda I felt validated and listened to. She marketed my house perfectly and felt treated with integrity and respect in a house that I have spent 26 yrs living in with my family. She sold it in 36 days, and I felt she provided both parties with equal respect and was a great negotiator."

- SB, Ashley

We chose Harcourts Four Seasons because of a friendship with Linda and a knowledge of the success of the Harcourts Brand. Linda was excellent at helping us get a feel for the market through her appraisal of our home and she gave us important information about the value of our property and the best method of sale to produce the best result. The result was a pre-auction offer, and we sold our house earlier than expected - Thank YOU Linda!"

- R & RA, Christchurch

Super friendly and an excellent communicator.

Linda was in for the long run with our rural property. Our sale took some time, but this was down to the market and not the agent. Throughout Linda was positive, responsive and great at keeping us informed. Linda was always happy to help, super friendly and upbeat."
